SYSTEMS OF ORGANIC HOUSE OR BIOMACHINE SYSTEMS 3

SYSTEMS OF ORGANIC HOUSE OR BIOMACHINE SYSTEMS

- BIOMACHINES
 - SIMPLE SYSTEMS OR MACHINE
 - COMPOUND SYSTEMS OF MACHINE
 - INTEGRATED SYSTEMS OF MACHINE

System	Central Unit	Input (Peripheral Unit)	Output (peripheral Unit)
Circulatory system	Heart	Vessels (arteries and veins)	
Digestive system	Stomach	pharynx , intestines	
Excretory System	Kidneys	ureter , urinary bladder	
Male reproductive system	Testis	epididymis , vas deferens	
Female reproductive system			
Nervous System	Brain and spinal cord	sensory nerves and motor nerves	
Lymphatic system	primary and secondary lymphoid organs	lymph vessels	
Skeletal System	Axial skeleton	Appendicular skeleton	
Endocrine system	Pituitary gland	thyroid , pancreas
